GitHub: github.com/Sukendu-Besra

Email: sukendubesra@gmail.com
Mobile: +91-6200547779

SKILLS

Languages: JavaScript, Python, HTML, CSS, SQL, C++
Libraries: NumPy, Pandas, Matplotlib, Scikit-learn
Tools & Platforms: Git, GitHub, Excel, Jupyter Notebook, Power BI
Soft Skills: Adaptability, Problem Solving, Team Player

PROJECTS

Traffic Prediction System | [Github](#) Apr' 25 – May' 25

- Implemented a traffic-forecasting solution aimed at predicting hourly vehicle volume to support congestion control and mobility planning.
 - Engineered regression pipelines, feature-engineering components, and visualization modules using Python, Pandas, NumPy, Matplotlib, and Scikit-learn.
 - Achieved 85% predictive accuracy, producing dashboards that improved peak/off-peak pattern interpretability by 30% for decision-makers.
- Tech Stack:** Python, Pandas, NumPy, Matplotlib

Deadlock Prevention & Recovery Toolkit | [Github](#) Mar' 25 – May' 25

- Designed a deadlock simulator using Banker's Algorithm with prevention, detection, termination, and preemption.
 - Constructed a real-time Resource Allocation Graph using NetworkX and Matplotlib to visualize allocation changes.
 - Enhanced learner understanding by 50% with a Tkinter GUI for process control, resource ops, and system recovery.
- Tech Stack:** Python, Tkinter, NetworkX, Matplotlib, NumPy

TRAINING

Angaar Batch | [W3grads](#) Mar' 25 – Apr' 25

- Completed structured training covering core concepts including arrays, linked lists, stacks, queues, trees, graphs, and hashing.
 - Developed features applying DSA concepts effectively.
 - Project – Library Management System: Designed and developed a console-based application using linked lists and binary search trees to manage book records, search efficiently, and handle borrowing/return transactions.
- Tech Stack:** Data Structures and Algorithms, C++

CERTIFICATES

Privacy and Security in Online Social Media NPTEL	Nov' 25
Mastering Data Structures & Algorithms using C and C++ Udemy	Nov' 25
ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM Udemy	Aug' 25
The Bits and Bytes of Computer Networking Coursera	Sep' 24
Introduction to Hardware and Operating Systems Coursera	Sep' 24

ACHIEVEMENTS

HackerRank	Nov' 25
Secured a Gold-Level badge in Python	
LeetCode	Oct' 25
Solved 200+ DSA Problems with 30+ day active streak	

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.61	Aug' 23 -- Present
Sant Nandlal Smriti Vidya Mandir	Ghatshila, Jharkhand
Intermediate; Percentage: 73	Apr' 21 – Mar' 23
Ramkrishna Vivekananda International English School	Chakulia, Jharkhand
Matriculate; Percentage: 83	Apr' 20 -- Mar' 21
